ABOUT THE INSTITUTION

Sri Vidya College of Engineering & Technology was established in the year 2008. It was approved by AICTE, New Delhi and affiliated to Anna University, Chennai. It was founded by Er.R ThiruvengadaRamanuja Doss, Chairman, Sri Vidya group of Institutions. The campus of the institution is spread over 45 acres of land. It offers higher education in Engineering and Technology to the current and future needs of the society. Besides promoting research and disseminating knowledge gained there from, it promotes co-operation between the academic and institutional communities. The institution offers 5 UG programmes and 4 PG programmes.

ABOUT THE DEPARTMENT

The Department of Mechanical Engineering became a part of the institution in the year 2011. The department has faculty members who are experts in various disciplines having both industrial and teaching experience, aims at educating and training students, with sound knowledge and awareness in the latest trends in manufacturing, design, automobile and production. The department is equipped with the needed equipments to provide the students with a hands-on-experience.

ABOUT THE PROGRAMME

The guest lecture is intended to apply mathematical knowledge to calculate the deformation behavior of simple structures and critically analyse problem and solve the problems related to mechanical elements and analyses the deformation behavior for different

PROGRAMME OUTCOME

- Basics and fundamental knowledge in Strength of materials.
- Stress developed in bars, beams, shafts and spheres
- Practical ideas & its applications

TOPICS TO BE COVERED

The guest lecture will cover the following topics:

- Stress, Strain and deformation of solids
- Transverse loading and Stresses on beams
- Torsion
- Deflection of beams
- Thin & Thick Cylinders, Spheres
